**Service Description:**

InterCommerce Network Services (INS) – eSPS is a web-based system, which will enable registered users to submit their SPS Import Clearance for Feeds Indentors to the Bureau of Animal Industry. The eSPS enables the Indentor/Importer to submit online applications for the Authority to Import along with the online nomination of registered importers and importables.

**Use of Service:**

Client will use the Services in accordance with applicable law, including data privacy laws, and the terms of conditions of use for said service as may be published by InterCommerce in its portal. InterCommerce may terminate access or take other actions it reasonably believes to be necessary to comply with the law or prevent damage to InterCommerce systems or customers or disruption of other InterCommerce customers' use of the affected Service. Client is responsible for obtaining, installing and maintaining the necessary equipment and communication services necessary to access and use the Services.

Client is also accountable for the designation of the Users and the Company's avilment of the service. It is the sole responsibility of the Client to notify Intercommerce in writing on the activation or termination of User's access to the system. Unless UserIDs and Passwords are terminated, users, who may no longer be connected with the company or have been reassigned to perform other functions, shall continue to have access to confidential import transaction data of the company.

Client also holds InterCommerce free and harmless from any liability arising from any access by the Users to the system whether arising from the Company or from third parties.
